May 2024

Dear parents,

I am delighted to let you know about a new tool we are developing in our wider provision for our children's Mental Health and Well-Being.

We are currently piloting a new tech programme called "Lumii-me".

Lumii is an engaging and child-friendly app, designed to encourage children to share their feelings and emotions. At the heart of Lumii is an advanced Large Mental Health Model (LMHM) AI. This technology powers a charming and approachable character named Lumii, who interacts with the children. Lumii is not just a character, but a supportive companion who listens and provides comfort, support and advice. Our goal with Lumii is to help our children to feel at ease to express their thoughts and worries in a sustainable and healthy context. Currently, Lumii will only be teaming up with children in KS2, but I'd like all parents to know about this provision.

Our Learning Mentor, Miss Hennessy will be overseeing this pilot project, which we hope to continue with in the new year.

If you'd like to know about Lumii, please take a look at the website, or call in and speak with Miss Hennessy or myself.

[lumii.me – lumii.me](http://lumii.me)

So if your child comes home and tells you they've been chatting with their new online friend, Lumii, there's no need to worry!

Many thanks,

Kind regards,

Mrs Thorpe
Headteacher

Mass times at St Mary of the Angels Church – Sunday @ 9.00am
